

COMMUNITY GARDEN AT ST.MATTHIAS LUTHERAN CHURCH AGREEMENT

MISSION STATEMENT

To invite neighboring communities to join in the planting and growing organic vegetables at the Community Garden at St. Matthias Lutheran Church for consumption and sharing.

PURPOSE OF THE ST. MATTHIAS COMMUNITY GARDEN

Provide garden plots for households or groups to grow food.

GARDEN SEASON AND HOURS

By end of April weather permitting to October 15. Dawn to dusk

FEES/DONATIONS

\$20.00 for each 10' x 20' garden plot for the season.

USE OF YOUR OWN PLOT

Gardeners may use only the plots assigned to them and will maintain their plants within their plots and will trim any plants that extend into neighboring plots or into common areas. Gardeners may not alter the dimensions of their plot.

PLANTINGS AND STRUCTURES

Gardeners may plant vegetables. No illegal plants or intoxicants may be grown or used in the garden. Gardeners may not maintain plantings or plant-supporting structures that impede the security of the garden or impede adjacent gardeners' access to sunlight by the nature of their height, material or density.

GARDNER PARKING

Gardeners must **only** park in the church parking lot. Vehicles are not permitted on the church lawn.

SUPPLIES

Gardeners are solely responsible for the planning and management of their own plots, including providing their own organic/natural seeds, plants, fertilizer, and any tools not provided by Community Garden at St. Matthias Lutheran Church.

ORGANIC METHODS

Gardeners will garden organically. Gardeners will check with one of the Garden Coordinators before applying any fertilizers, pesticides, herbicides, or rodenticides, even if labeled “organic.” Labels must state “certified organic” and GMO free (Genetically Modified Organisms). Use of compost, organic mulch, and weeding is always acceptable.

WATER

Each Gardener is responsible for watering his or her own plot. Gardeners may use the common hoses, provided, or provide their own hose. Gardeners will not overwater their plants or leave a hose running water unattended.

TOOLS

Gardeners must bring their own tools to use in their plots, but they cannot store any tools in the garden. Gardeners are responsible for any damage caused by tools they bring into the garden and so should use them with care. Gardeners may use small power tools (e.g., weed wacker, small rototiller).

PLOT MAINTENANCE AND TRASH

Gardeners will maintain their plots and adjacent paths in a clean and neat fashion, promptly removing any weeds, overgrowth, or other waste from their plot. Gardeners will promptly harvest edible plants and are responsible for hauling and disposing of their own trash, such as weeds, boxes, trays, bags, packets, and similar items.

COMPOST

Gardeners will place organic waste such as dead plants, weeds*, rotted vegetables, etc. in the compost bins. Plant material should be cut or chopped into pieces no more than 2” to facilitate composting. Thick plant stems, diseased plants, and weed seeds, or weeds that reproduce through stolens (e.g., Bermuda grass), should be put in the regular trash cans and not composted. No dog or cat manure can be placed in the composters.

ABANDONED PLOTS

Abandonment means failing to maintain a plot for **2 weeks**. Abandoned garden plots will be taken over by garden members.

COLLECTIVE MAINTENANCE OF GARDEN

Gardeners will share in the collective responsibility to keep common areas, such as pathways and storage sheds, clean and neat. Gardeners will promptly report any concerns about the safety of the garden to the garden manager. If there is vandalism, storm damage, or other damage to the garden, all gardeners are asked to help in cleaning up and restoring the garden to its prior condition.

HARVEST

All gardens will be harvested by October 15th unless otherwise notified (*two-week notice will be given*).

GENERAL CONDUCT

Gardeners are expected to be civil, honest, and cooperative in dealing with St. Matthias Lutheran Church, coordinators, with garden neighbors, other gardeners, and guests of other gardeners.

PETS

Gardeners may not bring any pets or animals into the Garden, including for burial.

RESPECT OTHERS PROPERTY

Gardeners may not enter other plots, use another Gardener's tools or supplies, or harvest another Gardener's produce, without the explicit permission of the other Gardener.

ILLEGAL PLANTS

Gardeners may not grow any plants considered illegal under state or federal law. For example, gardeners may not grow Cannabis sativa (marijuana), whether or not the use of marijuana may be lawful for medical purposes under state law.

COMPLIANCE

Gardeners must comply with all applicable local, state, and federal laws.

NO FIREARMS

Gardeners may not carry, use, or store firearms in the garden.

NO SMOKING

Gardeners may not smoke in the garden. Gardeners who chose to smoke immediately outside of the garden are responsible for placing their cigarette butts in the provided trash receptacles.

NO ALCOHOL OR DRUG USE

Gardeners may not consume or use alcohol or illegal drugs while on the garden premises. Gardeners may not bring alcohol or illegal drugs onto the garden premises. Gardeners may not come into the garden while under the influence of alcohol or illegal drugs.

NO FIRES OR COOKING

Gardeners may not start or maintain a campfire, or burn weeds in the garden.

NO LOUD MUSIC

Gardeners may not play music or the radio loud enough to be a nuisance to other gardeners or to the garden’s neighbors.

DISPUTE RESOLUTION

Any disputes about the Garden or with fellow gardeners will be discussed with the garden coordinators. The coordinators have the authority to hear these disputes and will resolve them in the best interest of the garden.

RULES VIOLATIONS

The garden manager, in consultation with the garden committee may, at his/her discretion, **terminate immediately the gardener’s right to participate in the garden if a gardener violates the rules and regulations that govern the community garden.** If a gardener violates any other of these policies, the garden manager will inform gardener of the violation by email and phone message. Gardener will have **one week** to correct the violation. If the violation is not corrected within *one week*, as determined by the garden committee may terminate the gardener’s agreement. After termination, gardener will have *two weeks* to harvest and clean up the plot.
